

JADEX STRATEGIC GROUP OVERVIEW

Jadex Strategic Group (JADEX) was created to provide our clients with innovative solutions that empower them to work safely, securely, and without barriers.

We are a collective mix of professionals who have supported much of the critical infrastructure industries. We apply the best practices of the security, military, intelligence, and compliance methodologies to our services and leverage the Microsoft 365 ecosystem to deliver a “Cloud-First Approach.” Our credentials and expertise give us a unique advantage and perspective when evaluating how to best protect and secure your cloud environments.
